\$2.00 per year, in advance

NEW RECORD SET BY CHAUVIN FARMER —TRIUMPH WHEAT

Another record has been set by a Chauvin farmer:—wheat heading out on June 19th—57 days after sowing; and .2 days after appearing above the ground.

This remarkable result has been attained by E. A. Switzer, on his 80 acre field of Early Triumph wheat. The seed was first generation of this new variety, raised by Seegar Wheeler. The grain is now standing well over knee high and is well stooled. The growth has been surprisingly vigorous, and was well maintained during the recent dry and hot spell.

Mr. Switzer also has a choice stand of registered Marquiss wheat, also obtained from Seegar Wheeler, which is making splendid roadway: but, the Early Triumph is at least ten days ahead of the Marquiss and is apparently healthier, more vigorous. We can only add that the Marquiss wheat stands well above the average.

CHAUVIN SPORTS, WED. JULY 4th

The Power Of Suggestion

Travelling is becoming more and more of a fine art. Formerly it was regarded simply as a process of getting from one place to another—most tiresome but unavoidable. Now it is looked upon as a joyful undertaking, a delightful interlude in the regular routine of life, especially when the journey is over the lines of the Canadian National Railways.

The keynote of the Canadian National Railways is "Service." That service aims to make the passenger as comfortable as possible and to save him every bit of unnecessary effort. Thinking is a mental effort. Patrons of the Dining Car Service will now find themselves saved that trouble by a casual glance at the little dodger that is distributed throughout the coaches on all trains to which a Dining or Cafe car are attached. Upon the dodger, which is printed in both French and English, are several suggestions for a suitable combination of dishes for the coming meal. Prices for a complete menu for Breakfast, Dinner and Supper range from 35c to \$1.25. The traveller merely needs to decide what he wishes to pay, and upon entering the Dining Car he will find himself served quietly and satisfactorily as he would in any well appointed home.

MANITOU LAKE SAT. JUNE 30th

Improved Freight Handling

There has been a noticeable improvement in the manner in which the Canadian National freight is being handled. Shipments are reaching their destination much more promptly, and the amount of damages in transit to shipments has decreased very materially during the past year.

CHAUVIN SPORTS, WED. JULY 4th

The world's championship coming as it does to our own province in Basketball is adding much to the interest taken in this branch of athletics. Some good teams are expected at Chauvin on July 4th. Don't fail to be present, take that day off and we feel you will be well paid if you enjoy sports

Soldiers, Now Farmers

In a report recently issued by the Soldier Settlement Board of Canada, it is stated that 25,844 soldier settlers have settled about 3,000,000 acres of agricultural land, of which about 200,000 acres were under cultivation last season. About 3,000,000 bushels of grain were produced by the ex-soldiers last season.

MANITOU LAKE SAT. JUNE 30th

RIBSTONE LADIES AID SUCCSSFUL CONCERT

A most enjoyable concert and dramatic evening was given by the Ladies Aid of Ribstone Union Church Monday, June 18th, in Knox church.

After a brief address by Rev. W. Mitchelson a fine programme of music, Quets, recitations, etc., was rendered by Mrs. Etson, Mrs. R. Morrison, the Misses Price, Miss Dominey, Miss G. Mills, Miss V. Young, Miss A. Russell, and Miss E. Morrison.

"The All Important Question" a short play was the next item on the program. In the first act we find six Canadian girl graduates discuss what line of work each will take up. One talks of marriage. In the second act an Indian girl, a Japanese girl, a Chinese girl, and an Armenian girl appear in the midst of the studies and each submit the needs and claims of their country, and implore them to come and open schools and instruct these poor people in western education and religion. Miss Dominey, Miss Cahill, Miss Laura Etson, Miss Jenny Price, Miss Helen Price, Miss Russell appeared in this play.

After a very sumptuous lunch had been served by the ladies the happy evening was brought to close by singing the national anthem.

CHAUVIN SPORTS, WED. JULY 4th

Wainwright Buffaloes Sent to New Zealand

Arrangements are being made for the transfer of three Buffalo, one male and 2 female to the city of Auckland New Zealand from Wainwright buffalo park. Every animal shipped from the park means more publicity for the town and district.

Chauvin Trail Rangers & Boy Scouts Movements

With the pending departure of Mr. P. Stevens, of Chauvin the local branch of the Trail Rangers will be left without a leader. I purpose forming a local troop of Boy Scouts, which will be composed of all boys between the ages of 10 and 20 who desire to join. The nucleus of the troop is already formed, and the members of the Trail Rangers are cordially invited to join the troop, to which, I am sure, they would form a valuable addition.

Anyway, all Trail Rangers, and other boys interested, come along to Ma. Saul's office, Main Street, at 7.30 on Thursday evening next, (June 28th) and hear what the Boy Scout stands for and what you have to do to become a Boy Scout. Don't forget the evening and turn up in force—I would like to see a lot of really keen fellows there.

CHARLES A. C. HANN
Anglican Student.

LOCAL CROP REPORT

Tuesday June 2th, Noon. Heavy rains the latter part of last week followed by warmer weather have been most beneficial. Growth of all grains and prairie grass is now rapid, and present prospects are most optimistic. Gophers are very numerous, but no other pests are reported as giving trouble. Gardens are somewhat backward.

CHAUVIN SPORTS, WED. JULY 4th

LOCAL MOVEMENT MADE TO PLAN FOR LIVESTOCK SHIPPING

On Saturday afternoon June 23rd in Milnes' Hall, Livestock shippers and farmers to the number of thirty, held a very successful meeting for the purpose of organizing an association for the handling and shipping of all kinds of livestock in the district comprising Wainwright east to the Province Boundary. Wainwright sent six representatives and the balance were local farmers interested in this movement. Herbert Spencer, who is a tower of strength in any movement for the betterment of the farmer, was unanimously elected chairman of the meeting and immediately got down to business. After fully explaining the object of the meeting, the chairman introduced S. C. Carle, Provincial Livestock Commissioner, who was present in behalf of the Government of the Province. Mr. Carle spoke at considerable length and greatly strengthened the movement by intimating that the government endorsed such associations and was fully aware of the importance of co-operation in this particular branch of the farming industry. This movement has the fullest sympathy of the the Government and it their intention to stimulate such movements and actively co-operate with them so that success will crown their efforts. The chairman next introduced W. J. Elliott, Superintendent Livestock Branch, of the U.G.G. who addressed the meeting, choosing as his topic, co-operative marketing of livestock. His address was attentively listened to, as he explained the various phases of shipping and particular stress was laid on the importance of the livestock men raising what the market needed and shipping only that class of stock. The two addresses occupied most of the afternoon and before the meeting dispersed, a capable executive composed of President Herbert Spencer, Vice-Pres., J. E. Hill and Secy. J. H. Clipston, was elected. These men felt that there must be full representation to the whole district and it was decided to hold another meeting in Chauvin on 1st of August for the purpose of completing the organization and getting plans laid for a successful campaign in this very important branch of the farming industry. The farmers of Chauvin district should endeavor to attend this meeting as it is in their own interest and for their own benefit. Wednesday 1st August, is the Chauvin date and as this is the same date as the Annual Fair a record crowd of farmers should be on hand to start the organization off with a bang.

"Bigger and Better than Ever" is the slogan for Chauvin Sports, July 4th.

Weed Inspectors

The following weed inspectors have been appointed by the council of the Municipal District of Ribstone:—

Div. 1, A. Belanger; Div. 2, E. B. Atkins; Div. 3, V. Dallyn; Div. 4, H. S. Burton; Div. 5, H. Morrison

MANITOU LAKE SAT. JUNE 30th

NOTES FROM THE NORTH EAST

Sincere congratulations to Mr. and Mrs. V. W. Clark on the birth of a son. This interesting event occurred on Wednesday last.

Your note that "if you want it to rain arrange a picnic" certainly came true in the case of the Fram G.G.A. However we are hoping that the elements will have been more kind to them Monday.

We understand that the Imperial Lumber Company intend opening a branch yard Marsden, also that the Galyin Lumber intend operating at the same point.

There is no need to emphasise the importance of reminding the Grain Growers and their friends of their attendance at next Friday's social gathering at Fram school. There will be three speakers, (A. J. McPhail, C. C. Stollker, and Mrs. Kilps). Ladies are specially invited to bring along baskets, and hot water, etc., will be available. Mr. James W. Coe will take the chair at 1.30 p.m. Be sure and see that you are there, also your friends. There will be a booth on the grounds.

Just a last word on the Manitou Lake Picnic billed for Saturday next. All arrangements are now complete and you may be sure of a good time.

Here's hoping that the children make a good showing at the examinations that are being held this week in Brady school. There are quite a number of entries and there should be some notable results.

CHAUVIN SPORTS, WED. JULY 4th

G.G.A. Service At Fram

On Sunday last, 24th of June, the annual service of the G.G.A. was held at Fram Schoolhouse, at 3.30 p.m. The school was crowded to more than double capacity, by an attentive congregation who greatly appreciated the opportunity afforded them of having a service. The service was Anglican and conducted by Mr. C. A. C. Mann of Chauvin. Mrs. Keith sang a solo "Seek Ye the Lord" and Mrs. Keith and Mr. Saul sang a duet "Love Divine, all Love Excelling" the organist in each case being the organist for the service, Mrs. G. McNutt.

At the close of the service, Mr. K. W. Coe, on behalf of the local branch of the G.G.A. thanked those who had helped them in their service, and expressed the hope that other services would be held at Fram School. (See Church Svices, Chauvin Anglican Field, current issue).

Chauvin has always had the reputation of putting on a real day, this year will be "Bigger and Better than ever."

LOCAL SQUADRON LEAVE FOR CAMP: FULL STRENGTH

A strong contingent left Chauvin last Thursday afternoon, consisting of 30 men and 23 horses of the C. squadron of the 19th Alberta Dragoons.

Major H. Strachan, M.C., V.C., in command. Lieut. J. A. MacKenzie; Lieut. E. A. Pitman; Capt. N. A. Gianelli; and Vet. Officer Lieut. J. A. Marsden; being members of the staff.

Owing to the heavy downpour of rain at the time of their departure, there was no demonstration of any kind when their special car left the depot. It was still raining hard when the contingent unloaded at Uncas the following morning, en route for the camp at Cooking Lake, where A. and B. squadrons were met.

It is reported that Bonar Law is in a very serious condition and little hope of his recovery is being held.

CHAUVIN SPORTS, WED. JULY 4th

ROROS PICNIC

Rouos U.F.A. held their annual picnic June 20th. In spite of the fact that the weather was cool and cloudy upwards of 250 people attended the picnic held at the Ribstone creek, one mile east of Roros School house.

The site chosen for the picnic is one of the beauty spots of the district combining as it does the high sandstone cliffs, the lovely grove of spruce trees, the fast flowing Ribstone creek and its numerous beaver dams, and a level piece of open prairie on which the sporting events took place.

Three lady basketball teams were present to compete for honors. The first game was between Ribstone and Oxville, the score being 19 to 7 in favor of Ribstone. The Ribstone ladies then played the Prospect Valley team and defeated them with a score of 28 to 3. Mr C. Burton was referee.

The Prosperity baseball team easily defeated a picked up team from Roros district.

The winners in the athletic events were as follows:—

Boys, 15 years and under: 1. W. Holmes; 2. C. Harris
Girls, 15 years and under: 1. J. Kirkpatrick; 2 J. McSparran
Boys, 13 years and under, 1. Emil Nysetvold; 2. Hugh Martin
Girls, 13 years and under: 1. Alice Simpson; 2. Lillian Harris
Boys, 9 years and under: 1. Jimmie Taylor; 2. Selma Arneson
Girls, 9 years and under: 1. Iline Sagmoen; 2. Gladys Taylor
Boys Hop, Step and Jump: 1. Ernest Sagmoen; 2. Fred Harris
Boys Running Broad Jump: 1. Ernest Sagmoen; 2nd W. Holmes
Married Ladies Race: 1. Mrs G. Lasell; 2. Mrs M. Nysetvold
The prizes in the Married Ladies race were two beautiful potted house plants, donated by Messrs Parcels & Foxwell, Chauvin

The dance which was held in the school house—the night being too cold to use the bowery—was well attended and excellent music was furnished by Messrs J. Lundberg; E. Lundberg, J. Sewel, W. Nystevold and others.

GOMPERS SEES NO HOPE FOR FARMERS THROUGH POLITICS

SAYS THEY MUST ORGANIZE AS
LABOR UNIONS HAVE DONE

A "farmers' union"—organized like
the great labor unions of the country
—is the only hope of the American
farmer in his fight for a "square deal".
Samuel Gompers, president of the
American Federation of Labor told the
National Wheat Conference at Chic
ago June 20th.

The conference attended by 500
representative of farmers millers
grain dealers, bankers and transport
ation interests, was called by govern-
ments of several states to increase the
price of wheat.

"If the farmer interests of America
can devise no sounder methods of
maintaining their proper place in the
economic scheme of things than a re-
sort to legislative cure alls, they are
inevitably doomed to disappointment,"
Gompers asserted.

"I see no reason why farmers need
to expect hope from anything that
does not offer hope for labor, and
labor long since abandoned any dream
of salvation through politicians."

"If the wage earners of the country
had not the sense and courage to or-
ganize, nobody would have much
sympathy for them and nobody would
take their complaints very seriously."

Gompers cited former attempts of
labor to "bst the trust" through
political campaigns, and warned the
farming interests there was no hope in
such a course. The road to a "square
deal," Gompers declared, "is not
through congress or state legislatures,
but through organization."

There is no force in the social or-
ganization that will not come to the
council table with the farmers when
the farmers find the way to organize
and combine their strength."

The old lady was looking for some-
thing to grumble at. She entered
the butcher's shop with the light of
battle in her eyes.

"I believe you sell diseased meat
here."

"Worse," replied the butcher.

"What do you mean, worse?" de-
manded the old lady.

"The meat we serve her is dead,"
confided the butcher in a stage whis-
per.

How a man does hate to exchange
good money for a receipted bill.

Here and There

Panama canal tolls for April
amounted to \$1,878,987.

About \$2,300,000 is to be pent on
the construction of roads and bridges
in the province of British Columbia
this year.

The Customs and Excise revenue
for April amounted to \$20,500,000,
an increase of \$5,000,000 over the
receipts of April of last year.

Emigrants numbering 15,000 left
Scotland for Canada during the first
four months of the year, according
to consular estimates in Glasgow.

Canadian flour has at last been
placed on the Panama market. One
boat has just loaded the first con-
signment of any size, 1,000 barrels
being taken.

Seventy-five per cent. of the cop-
per produced in Canada in 1922 was
the output of British Columbia
mines. The Canadian production for
the year was 43,321,402 pounds, of
which British Columbia accounted
for 32,432,521 pounds.

The famous Chateau Frontenac
husky dog team, remembered by
visitors during last winter's sports
season, is being perpetuated. One
of the dogs has just given birth to
three pups, and if the youngsters
turn out to be like their parents the
Chateau Frontenac team is likely to
continue winning dog derbys.

Fishing licenses in the Maritime
Provinces have been reduced. The
special fishery regulations for Nova
Scotia, New Brunswick and Prince
Edward Island have been amended
to provide that in many instances
where the license has been more
than a dollar it will now be one
dollar.

No limit will be set to the help
to be offered to new settlers in the
agricultural sections of the province
of Quebec, according to Premier
Taschereau. The latest government
provision is to pay colonists at the
rate of \$4.00 per acre for land
cleared on their colonization lots
since 1920. \$7,000,000 have been
voted for provincial colonization.

The decision of the Canadian Pa-
cific Railway Company to scrap
agreements of sale with 30,000 Cana-
dian farmers in the west and enter
into new contracts with them, ex-
tending over 34 years on an amori-
zation basis, will affect agree-
ments of a value of approximately
\$100,000,000, and relieve many farm-
ers of heavy, pressing debts.

The new motor ferry operated be-
tween Victoria, B.C., and Belling-
ham, Wash., develops a speed of 14
knots in adverse weather. This
motor driven vessel, recently launch-
ed, is the first of its class to be
used in this service and the first
to be added to the Canadian Pacific
fleet. It has a capacity for 50 auto-
mobiles.

Abraham Martin, first Scotch set-
tler in Canada, first King's Pilot on
the St. Lawrence and first farmer on
the Plains of Abraham, which were
named after him, has been honored
by the Canadian Pacific Steamships,
Ltd., at Quebec by the erection of a
granite shaft. Hon. Athanase David,
Provincial Treasurer of Quebec, offi-
ciated at the unveiling ceremony re-
cently.

Two thousand Canadian Red Men
are expected to participate in the
Calgary stampede and to move on
to Banff for their celebrations and
pow-wow on the Indian Days, July
16th and 17th, during which the
citizens of Banff will act as hosts.
Pony racing, wrestling on horse-
back, shooting with the bow and
arrow, tent-pitching and camp mak-
ing contests are among the features.

Society Mother (languidly): "Well,
nurse, how is baby to-day?"

Nurse: "He cut two teeth this even-
ing."

Mother (still more languidly):
"That was very careless of you, nurse.
You ought not to let a young baby
play with a knife."

Clergyman: "Do you mean to say
that your wife goes to church every
Sunday without you?"

Farmer: "Well, it isn't my fault. I
can't persuade her to stay at home."

It sometimes happens that a pair of
lunatics manage to keep out of the
asylum by being engaged to one an-
other.

Ingleby had volunteered to show his
girl cousin from the city around the
farm, and by-and-by they strolled in-
to the cowshed. "Dear me, how close-
ly the cows are crowded together."

"Yes," he said, "but, you see, we're
obliged to pack them close."

"Why?"

"So that they'll give condensed
milk," he said.

"What became of you last night,
old chap?"

"I spent the evening with you, old
man."

"You say she only partially retursed
your affection?"

"Yes, she returned all the love let-
ters, but retained all the jewellery."

A SAD TRAGEDY

A LOCAL OLD TIME STORY

Away upon a knoll on the hillside of the north bank of the Battle river, a few miles east of the Meridian bridge stands a solitary grave with its little white fence. It overlooks the broad wide sweep of the river which curls around the flat below.

It is the memorial of one of our earliest settlers, whose residence with us was only four days in duration, and to who with his family befel the saddest tragedy that has happened in this district.

This lonesome grave contains the mortal remains of Mr Roth, and marks the spots where he was killed by lightning.

It was in the early part of July 1906, when but only a few had located near the Battle river, some few others had settled near Manitou Lake and Ribstone Creek, but the prairie for the major part was yet unsettled, and the railroad had not reached the still virgin spot upon which Chauvin is now located. Some of these settlers had arrived via Lloydminster, others via Battleford, and some had trekked northward across the prairie from the ranching lands of the south.

Among these latter were Mr and Mrs Roth and their little son and daughter. They were accompanied by Mr G. Goodfellow and travelled in a prairie schooner, driving with them a bunch of horses and cattle.

Their journey, though somewhat uneventful, had proved a tedious one. Mr Rolf not being over strong was particularly wearied. Much of the outriding for their stock had, perforce, to be done by Mrs Rolf, assisted by Mr Goodfellow. The writer well remembers seeing them arrive at and cross the Blackfoot creek at Brandon's (now Knutson's) in this manner. He was impressed by the skillful horsemanship of Mrs Roth in getting the bunch headed over this none too easy crossing.

Their destination, then known as the Kramer ranch, was nearly three miles further east along the river bottom. Here a log cabin, some stables and a corrad awaited their arrival. Right glad were they to reach their destination late that Friday afternoon. Now at least a few days of rest could be enjoyed before they began the heavy work ahead. They would need to cut hay for the winter feed, more stabling to be prepared, and the thousand and one jobs inseparable from settling down. Little did it matter that the family exchequer was exhausted; they had arrived, arrived in a good district, they had a nice bunch of stock; and with ordinary care, work and fair luck they would make good.

After spending two days in as restful manner as possible in such circumstances, Mr Rolf set out the third day from the log shack—unfortunately never to return. A violent and sudden thunderstorm arose and with in almost hailing distance of his new home Mr. Rolf was struck dead by lightning.

At first his prolonged absence was not a matter of deep concern to the little household. Neighbours were few and far apart in those days, and perhaps, thought those at home, he had stopped over at Stovel's, Brandon's, Cayford's or some other place. When it was found he was not at any of

these places, grave anxiety arose.

Help was forthcoming from all quarters. In addition to the neighbors, of whom we recall the names of the Stovel brothers, Cayford's, Wright brothers, Brandon (and some whom at this time record is not available), there came Mr Ridington the home stead inspector, and Corpl McCarthy of the R. N. W. M. P.. Ultimately, after a most prolonged search over many square miles of vacant prairie, through the many ravines and coulees so numerous in this district, the body of Mr Roth was found on the knoll almost within sight of home.

Such had been the effect of the lightning followed by a spell of hot weather, that the neighbours were at loss to know how best to handle the dreadful situation. It was decided that the best course to pursue, and in fact the only one, was to bury the mangled and marred remains right where he lay. It was a sad and gruesome task, and performed by men whose hearts ached in sympathy for the bereaved, and at the pathos of the whole event.

Today that knoll on the hillside and that solitary grave is sacred to those who participated in the sad drama—the scene of sad bereavement and of human sympathy and helpfulness.

The memory of that spot still remains vivid in the memory of each participant in the final sad ceremony.

The brave endurance of Mrs Roth in her hour trial of bereavement, and during the following years is a tale

well worthy of record. How she kept the wolf from the door, preserved the home, brought her children up so that today they are respected citizens in our midst. Also how George stood by them through thick and thin. How later Mrs Rolf became Mrs Goodfellow—these events, we say are another story, which the writer may tell another day. It is unfortunate, perhaps, that it is difficult thing to write the simple stories of the living (especially in a small district such as ours) without bordering too closely on matters of purely personal concern. Yet, we think, that there are a hundred stories of our early days that might well be placed on record. Shall we call them the "birthpangs of our community."

CORRESPONDENCE

The Editor does not accept responsibility for views expressed by correspondence.

EDUCATION GRANTS

Editor, Chauvin Chronicle

Dear Sir;

Your recent editorial re the reduction in rural school grants was both timely and necessary. It would seem that in the name of economy we are threatened with a state of reduced educational finances, which in turn cannot help but impair the efficient running of rural schools, and which must in the nature and present con-

ditions of things cause many of the rural schools which are already crippled financially to have to close altogether; whilst handicapping others in equipment and extent of service rendered.

All this too, by a U.F. government, one of whose principal planks before election was "better education for our rural boys and girls!" Apparently they have changed their minds, or allowed the Hon. P. Baker to change them for them, for in the discussion in the provincial House on the educational estimates the farmer M. P.s were noted for their silence rather than their speech. Milton McKeen, M. P. for Lac StAnne was almost the only one brave enough to speak up in the interests of the rural children in regard to the reduced grants. It is true the M. P. for Wainwright, Mr Love., treated the House to an elaborate essay on the benefits of education "in the abstract" (mainly in regard to the university) but as for getting down to "brass tacks" in the shape of the conditions of matters in the rural schools, why, he got no nearer than the top of the oil derricks at Wainwright and Irma! Perhaps he doesn't know anything about these conditions, but seeing that to remedy these is what he and his fellow M. P.s were elected to, and paid for finding out, he ought to come "off the perch" and pick up a few plain even if painful facts to be ready for presentation on such occasions. Defending education in the form of no reduction where the university is con-

cerned is neither needful nor necessary in a farmer member, especially when the university has so many eloquent city members to state its case.

On the other hand reduced rural grants mean curtailed finances all round with the further result of reduced efficiency because of second rate teachers. Naturally the prospect of a university training will also be reduced to a point of an impossibility for the rural scholar, whose parents as taxpayers, are contributing to the support of the university and such pupils are lucky enough to be able to afford its advantages. We are told that the country provides the life-blood and brains of the city. It would seem as if the Hon. Perren Baker was out to reverse that little idea, regardless of all his pre-election pledges. For even the best brains are helpless lacking educational facilities. The period of school life passes quickly and as it is now so much of it has to be dissipated in forced holidays through short terms caused by lack of teachers, or finances to keep school going. Or again where the pupil has to suffer an annual "set back" through the changing of the teacher and the lack of proper supervision by inspectors, this last condition being now aggravated by another 'economy spasm' in the same department.

All these things considered there is little chance of our rural youth showing their real values to the city youth. There is much truth in what the wise old Editor of the Montreal Witness said the other day in regard to the handicap of lack of education. "A clever brain is a fine endowment, but lacking the direction of a good education, its possessor is forced to hobble along life's highways when he ought to be riding right royally."

On this count our country youth in Alberta must go through life hobbled more or less, and instead of those who were elected to help change conditions coming, to the rescue, they either remain supine, or spill a lot of unnecessary oratory over the needs of the University.

Mrs. Parly speaking to the Edmonton Women's Press Club, told the members "not to judge the U.F. government by the foolish resolutions of the U.F. Conventions." Can it be that the Hon. Baker is also treating his pre-election orders as a mere 'scrap of paper'?

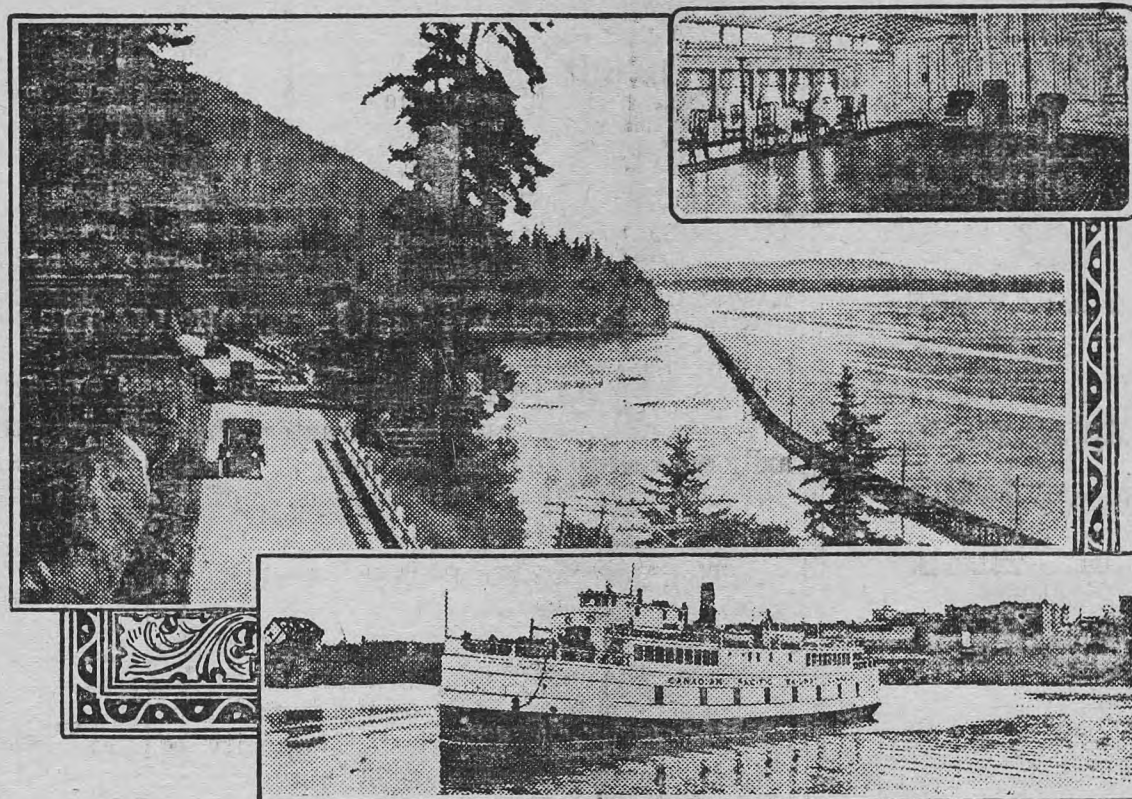

We are as strong for economy as any one, but our sense of the ridiculous prevents us from seeing any economy in curtailing the most important department in the government service, in the name of economy presumably so that the full sessional indemnity of \$25.00 per working day may be paid to M.P.s: who, judging by their speeches,—know less about the actual needs of their constituencies than the hired man on the farm. Such men may be able to convince their group that they are earning their salaries, but as for the rest of us actions speak louder than fine talk.

CITIZEN

Like a postage stamp, a man's value depends on his ability to stick to a thing until he gets there.

Your friends think that you are right and your enemies think that you are wrong, but you have to show the rest of the cold unsympathetic world.

West Coast Motor Tour

1. The C. P. S. S. Motor Princess. 2. Chuckaut Drive, a link in the Pacific Highway.
3. Dance floor on the ferry.

NOT only have Bellingham, Wash., and Victoria, B.C., been brought into closer connection and more friendly relations by the recent inauguration of a ferry motor transport service by the new Canadian Pacific "Motor Princess", but western tourists as a whole have been provided with a new route to the Capital City of British Columbia, and one that has the alluring charm and refreshing diversion of a three and a half hours' water trip. The new water route for touring motorists from the mainland to Vancouver Island forms the base of a triangle which provides a circuit tour from Victoria through Nanaimo and Vancouver and via the beautiful Pacific Highway through New Westminster and Bellingham to Oregon and Washington destinations. This tour takes one through some of the most beautiful scenery on the continent. Exhilarating sea breezes are enjoyed along the whole route, which is through country the climate of which is so delightfully

equable, that the semi-tropical foliage is pleasing to the eye and fragrant the year round.

In addition, the ferry links the wonderful roads on Vancouver Island with the California Bee Line, the western arc of the great 6,000 mile circle tour which embraces twelve national parks in the United States and three in Canada, and of which the Banff-Windermere Highway through the Canadian Rockies, to be officially opened on June 30th, forms one of the most delightful parts.

The ship which has made this Mainland-Island-Circle tour possible was specially designed for the service and possesses many distinctive features. She has parking space for 50 automobiles on two decks and accommodation for 250 passengers. A saloon, smoking room, restaurant, dance floor and deck spaces for promenading have been fitted up for the convenience of the travelling public, and the vessel is equipped with twin diesel engines which ensure a speed of 14 knots in all weathers.

CARPE DIEM

When you are hoping for a bumper crop,
And all the world seems brighter than before;
Working as though you did not care to stop,
Feeling the uplift of the days of yore.
When home-town business has a forward reach,
When lovers softly speak of wedding bells,
When kindly "mixers" drown the Bolshi screech,
And luscious wild-fruit hangs in all our dells.
Then can we fling away dull care and hide
A little shame at our faint-hearted pother,
Her very feelings lean to virtue's side—
Too sunny? Tell it not against her,
Rain or shine, our fortunes broke, or mended,
EXCELSIOR! Alberta's always splendid.

G. D. M., Edgerton

Carpe Diem:-Enjoy the day.
Pother:-To make a fuss, to fluster,
a cloud of dust or smoke.

Never fear to do what you think
is right, even though you may fear
others may think it wrong.

H. N. FREEMAN, CHAUVIN

EDITORIAL COMMENT

The people of Manitoba have decid-
ed in favor of government control of
the liquor business. Quebec has
been able to relieve taxation by sev-
eral million dollars per year in this
manner. Alberta will soon have an
opportunity to put the bootleggers
out of business and to eliminate her
annual budget shortage of two mil-
lion dollars by controlling her liquor
business.

The proposed ballot paper for the
Alberta referendum is easily capable
of mis-interpretation. The govern-
ment has been asked for a statement
of the real significance of the four
questions asked, and for an outline
of the legislation the government
would bring forward in each case.

THE WHEAT BOARD

The Wheat Board scheme has failed,
or more correctly speaking it has failed for
a time. It has failed as a political venture
it will succeed only as a commercial ven-
ture.

The reason of its present failure is not
hard to find. In fact we find it right at
home; and at home in every farmer consti-
tency. That reason is our failure to be
prepared for sacrifice in the attainment of
the desired object. We have expressed
our desire for that object, we have elected
our representatives to carry out that ob-
ject, we have instructed them to "carry
on," with that object. But (and an import-
ant 'but' it is) we have asked them to make
bricks without straw.

In a word we have asked them to replace
a regular line of business in which men
have ventured brains, energy, and money,
by a political venture for which we have of-
fered but little brains, less energy and no
money (be that money, cash or grain).

A successful wheat board can only be-
come an accomplished fact when we are
ready to enter the business of wheat trad-
ing on a businesslike basis.

There is nothing in the world that can
prevent the wheat grower controlling the
sales service of his product if he tackles the
problem in a sound commercial manner.
But he must be ready to invest, and to in-
vest heavily in the scheme. He must back
it with his produce and with his cash, as do
business men.

NOXIOUS WEEDS

Laws vary greatly in character, Prim-
arily we regard the law as a weapon against
the criminal and for the preservation of the
safety of the community.

The Noxious Weeds Act, of which we
give a summary in another column, may be
classified as one for the preservation of the
worth of the community's land. It is de-
signed as a safeguard from the invasion of
noxious plants that have the capacity of
utterly destroying the usefulness of the
land of the people.

Under this law we may find offenders
who otherwise have the best of community
characters and reputations. They may be
offenders by reason of ignorance, or by
oversight, but offenders they are. While
it is true that they are the first to suffer
for the presence of weeds, on their lands, it
is true also that in time their neighbors
must suffer with them.

This law is not designed to make crim-
inals of those who have inadvertently of-
fended, rather it is to urge them to take
remedial steps. Penalties only follow upon
the failure to take such remedial steps, and

due provision is made for absent owners
to have such work done without incurring
more than the costs of the operations them-
selves.

A ROAD WORK PROBLEM

The practice of allotting the monies
for expenditure to the divisions or munici-
palities for road work on the assessment
system, as it is now required by the Muni-
cipalities Act, an injustice is sometimes in-
curred. Imagine the position of a council-
lor, who not being allowed to spend more
than his allotment, has to provide earth
works for three bridges. He perforce is
compelled to perform less of the work or-
dinarily done by the councillors of his mu-
nicipality, and his electors may severely
criticize him for his seeming failure to look
after the needs of his division in the man-
ner other councillors have done.

Such in brief is the problem which
Councillor Sewell has to face this year. He
has earthworks for three bridges to grade,
the only three bridges in the municipality,
and only his regular proportion of road
work monies with which to do this work.

It is unfortunate that such circum-
stances are not provided for in the Muni-
cipal Act, especially when we consider that
these bridges are largely used by people
from other divisions and other municipali-
ties.

Yet on the other hand we must not
overlook the fact that the provincial gov-
ernment by putting in the three bridges
grant of not less than \$1,500.

"CARRY ON" TO SUCCESS

From all parts of Alberta we hear of
decisions to abandon the idea of holding a
fair this year, and while it is not known
just now how many fairs will be held, it is
certain that the number will be materially
decreased. The directors of our own local
fair, possessing a fully warranted faith in
the agricultural soundness of this district
have decided to allow us to vindicate the
same by having an opportunity to support
our own local fair again this year.

In this venture they have already re-
ceived a good measure of support, as may
be seen from the prize list recently pub-
lished, they have been backed by those who
stand to lose money if they fail. But to
carry the venture to success they will need
the support of every farmer who has, ar-
ought to have, produce worthy of exhibi-
tion.

A successful fair at Chauvin this year
will accomplish more advertising for the
district than has been possible for a num-
ber of years. It will attract greater atten-
tion to the district, it will tend to bring in
buyers of farm lands and to strengthen the
land prices.

Runs In The Family

Mr. B. J. Wallis of Tofield, and for a time of Macklin, arrived in town on Wednesday last. He has taken the stand of John Tamlag at the Scott hardware, and will be ready to make any repairs to boots, shoes and harness you may require. He is an experienced workman, and his father and grandfather followed the same line of business in their time. Kind of runs in the family as it were.

CHAUVIN SPORTS, WED. JULY 4th

Chauvin Veterans Will Celebrate Peace Day

The G.W.V.A. and the St. Andrew's Society will hold their joint annual sports on July 19th. The Program will include military sports and exhibition races, baseball etc.. Watch for big posters which will be printed later and will give particulars of events.

MANITOU LAKE SAT. JUNE 30th

Writing Pads On Sale

Writing Pads can now be obtained at the Chauvin Chronicle office. 25c each. These are made up in Chauvin, and are equal value to those supplied by the mail order houses.

CHAUVIN SPORTS, WED. JULY 4th

Any act by which a man makes one enemy is in the end a losing game.

Our greatest glory is not in never falling, but in rising every time we fall.

CHAUVIN SPORTS

DAY: JULY 4th

Chauvin Annual Sports will be held on Wednesday, July 4th. Posters are already out with a full program of sports and events.

Big Baseball Tournament; 1st prize \$100.00, 2nd \$40.00 Entrance fee \$5.00. Basketball; 1st prize, \$15.00; 2nd \$5.00. Horse races, prizes 1st \$25.00 2nd \$10.00. Pony Race 1st \$15.00; 2nd \$10.00. Ladies Race 1st \$10.00; 2nd \$5.00. Obstacle Race—real fun—1st \$3.00; 2nd \$2.00; 3rd \$1.00. Horse shoe 1st \$5.00; 2nd \$3.00;

A full program of Athletic events for all.

Dempsey—Gibbons fight by radio. You will hear it on the Grandstand.

The attractions for the evening will include a Picture Show and after the show at 10 o'clock sharp a dance.

A day of enjoyment from start to finish. Don't miss any event.

MANITOU LAKE SAT. JUNE 30th

NEW FEATURE FOR THE CHAUVIN FAIR

Mr. A. S. Morrison met the directors of the Chauvin Agricultural Society at a special meeting and outlined in detail the plans of the Live Stock Branch of the Dominion government in holding "Get of Bull" Competitions in conjunction with the local fairs. The plans were approved by the Society and it was decided to include this in the 1923 Chauvin Fair. A total amount of \$182 in prizes is therefore being offered subject to the following:

GET OF BULL COMPETITION

Each entry must include three animals, not necessarily the property of one owner, but all three the progeny of one pure-bred bull.

Entries shall be confined to animals not over twenty four months of age and not under twelve months of age on September 1st of the year in which the competition is held.

Name and number of Sire must be furnished at time of entry.

The entry fee shall be \$3.00

CLASS A. DAIRY CLASS

Open to heifers, grade or pure-bred, and to pure-bred males.

(All exhibits must be sired by Dairy Sire. A Shorthorn sire can be used in the dairy class, provided it is a dual purpose animal).

Prizes: 1st \$18.00; 2nd \$11.00; 3rd \$14.00; 4th \$12.00; 5th \$10.00; 6th \$5.00; 7th \$6.00

CLASS B. BEEF CLASS

Open to heifers, grade or pure-bred, to steers, and to pure-bred males.

Prizes 1st \$20.00; 2nd \$18.00; 3rd \$16.00; 4th \$15.00; 5th \$12.00; 6th \$10.00; 7th \$8.00.

A slice of lemon rubbed into the leather will remove stains from brown shoes.

LOCAL NOTES

Mr. Bruce Graham had the misfortune to damage his car on the east road during the recent wet spell.

Mr. A. Lunn and Mr. Jack Nor-manson, of North End were visitors to Chauvin Sunday.

Mr and Mrs A. H. Irying have returned from a tour of Western Canada. Their trip included Saskatoon, Regina, Lethbridge, Calgary and Edmonton. They report having had good time.

Mr R. McLean, of Provost, paid Chauvin a visit Saturday last.

The Ribstone basketball team are developing quite a good game these days.

The regular meeting of the Edin-classie U. F. A. will be held Thursday, July 5th, at 8 p.m., in the school.

Read our advertisements. Local merchants are offering their wares to you. Patronize them if possible.

The grade approaching the new bridge over the Ribstone Creek at Evans, on the main north trail has been completed.

Mr. Max Campbell made a business trip to Chauvin, Friday evening, returning next day.

Mr. J. A. Code received a message informing him of the death of his mother at Red Deer. Mr. Code left on Friday evening's flyer to attend the funeral. Mr. Code has the sympathy of the community in his bereavement.

Mr G. M. Beatty arrived in Chauvin from Golden, B. C., last Wednesday morning.

The Chautauqua will be held on 20, 21, 23, and 24 of July. Watch for Posters. From various reports the Chautauqua this year is very good.

Housekeepers are advised, that fresh fish arrives in Chauvin from Prince Rupert on Mondays. A fish meal at least once a week is both pleasant and healthful.

Real Santes Coffee just off the roasters. Whole beans or ground. Five pounds for \$1.80. A Saker grocery price.

There will be a meeting of the Airlie U.F.A. and Athletic Association Friday, July 6th in the Airlie school at 8 p.m.

By the way. Don't forget that the Chauvin Sports will be held Wednesday July 4th. You can't afford to miss that date.

The Airlie U.F.A. and Athletic Association will hold a Basket Picnic at the Airlie school on Wednesday, July 11th. All kinds of sports for young and old. Dance at night.

A new fruit that is easy to raise, very hardy plants. Raised locally. For sale at Saker's. 1 doz. plants for \$1.00.

Support home industry. Rhubarb, Cabbage, tomato and strawberry plants for sale at Saker's. All raised locally.

There is going to be some real fun at Chauvin on July 4th watching the Obstacle Race; this race is being conducted by a returned soldier and he is going to reproduce one that he saw in France. It will be new and novel. Come prepared to enter, you might win. It's not the fastest runner that wins a freak race.

Mr. Wright of Artland was a visitor in Chauvin yesterday.

Alberta Creameries

Many new creameries have been built in the province this year, according to C. P. Market, provincial dairy commissioner, and there has been quite a substantial increase recorded, showing that the dairy industry of the province is growing by leaps and bounds.

Last year a total of fifty-four were in operation but at the present time there are seventy working and doing good business. In addition to this, there have been several new cheese factories started, and more are in view of being built.

A good comic program will be shown by pictures in the I. O. O. F. on the evening of July 4th. This will be over at 10 p.m., and a good dance with good music will be held immediately after.

Nearly 70,000,000 wild animals are killed annually for furs.

The season is now on for shampoos—no sham to it, Talcum powders, Face powders, Vanishing Cream, Cold Creams, Masage Creams. We have a large stock, on hand, of the very best manufacturer's products and at their regular prices. We also have Hair Groom—the newly advertised powder to make the hair stay neatly combed.

The Chauvin Pharmacy.

Ribstone W.I. Notes

A special meeting of the Ribstone Women's Institute will be held in the Hall on Wednesday, June 27th at 2-30 p.m. to make final arrangements for the lawn Social to be held July 3rd. Watch for further announcements.

The regular meeting will be held July 7th at 2.30 at the home of Mrs. McCrea, Constituency Convener and Sec., Mrs. Lasell and Mrs. Morrison of Wainwright will be present. Everybody made welcome.

A real baseball tournament will be staged at Chauvin on July 4th. Some entries are already in. The big prize money will bring many teams to compete and a record crowd is expected to pass through the gate.

Suitor: "Willie, will you be sorry when I marry your sister?"
Willie: "Yes, I'll be sorry for you."

CONSOLATION

When the young husband returned home from the office he found his wife in tears.

"Oh, John," she sobbed, "I had a lovely cake! I put it outside for the frosting to dry—and—the dog ate it!"

"Well, don't cry about it, sweetheart," replied her husband, patting her flushed cheek; "I know a man who will give us another dog!"

NEW WAY TO MAKE JAMS & JELLIES AT HOME

The new method of making jams and jellies is rapidly replacing the old-time, wasteful, haphazard ways. This new scientific method results in perfect jams and jellies from all fruits—gives 50 per cent. more jam or jelly from the same amount of fruit—infinitely more delicious quality due to the retaining of all the original delicate flavor and color of the fruit which is ordinarily destroyed by long boiling, and a great saving of fuel and time because these modern-made jams and jellies require only one minute of boiling with all the guess work eliminated.

FULL DIRECTIONS WITH EVERY BOTTLE

Certo, used along with the required amount of sugar, will make delicious jelly, with fruit juices you will get wonderful flavor and color undreamed of by the use of the old wasteful methods. You can use the juice of any fruits you like and make sparkling jelly with the natural color and the full richness of flavor of the fruit. You can also make jams with all fruits and the flavor will be fruit flavor, and not that concentrated sugar taste so noticeable in many home-made jams.

CERTO per bottle, 35c

Parcels & Foxwell, Chauvin

Phone 18—Chauvin

ALBERTA LAW RE
NOXIOUS WEEDS

The Alberta legislature first enacted "The Noxious Weeds Act" in 1907. Amendments being made thereto in the sessions of 1911; 1910; 1911-12; 1914.

The following weeds are classified as noxious weeds in these enactments:

- Tumbling Mustard
- Hare's Ear Mustard
- Common Wild Mustard
- Ball Mustard
- Tansy Mustard

- Wormseed Mustard
- False Mustard
- Shepherd's Purse
- Reed Root
- Canada Thistle
- Stink Weed
- Russian Thistle
- Rag Weed
- Wild Oats
- Russian Pigweed
- Blue Bur
- Tumble Weed
- Purple Cockle
- Perennial Sow Thistle
- Blue Lettuce
- Cockle Bur
- Common Bar berry
- Toad Flax

It is the duty of every owner of land to destroy all noxious weeds on his lands and also the area between the boundaries of his land to the centre line of contiguous road and road allowances; under penalty for default of a fine of not less than \$5.00 and not exceeding \$50.00.

The term "Owner" is interpreted as including any person who has estate or interest in the land or grain; and the local municipal or village council may be regarded as owner.

Weed inspectors have the right to enter upon any land to inspect for noxious weeds. Any obstruction offered to him incurs a penalty of not over \$25.00 and costs (also penalties under the criminal code).

On finding noxious weeds the inspector shall notify the owner to destroy same by pulling or plowing within five days.

Failure to destroy weeds as per notice is an offence for which a fine of from \$5.00 to \$50.00 may be imposed. Also, the inspector, or his agent, is required to enter the land and destroy the weeds—the cost of which may be recovered by the methods available for collection of taxes.

SUBSCRIPTIONS NOW PAYABLE

On railway and irrigation lands the inspector is to notify the nearest road-master, section foreman, or the station agent of the presence of the noxious weeds. These companies are required to seed White Clover, Timothy, Western Rye Grass or a mixture thereof on all earthworks made by them.

No person shall sell, or offer for sale, or be in possession of any grain, grass or clover for seed in which there is more than one noxious seed per ounce, or ten noxious seeds per ounce for feed.

Bran, shorts, chopped or crushed grains offered for sale must have noxious weeds destroyed so far as germination is concerned.

Screenings must be destroyed by the owner of the mill or elevator, being conveyed for burning (or feeding to sheep) in closely woven and securely tied sacks.

Threshers must thoroughly clean their machines, both inside and outside, before moving at each setting.

Every thresher shall clean the grain delivered by him to the owner, such grain must not contain more than 199 seeds of noxious weeds, other than wild oats, per 1000 seeds of grain.

All screenings containing noxious weeds shall be destroyed by the owner within five days after threshing, or remove, in closely woven and tightly tied sacks.

THOUGHTLESS

A lank, disconsolate looking person stood on the steps of the town hall during a political meeting. "Do you know who's talking in there now?" demanded a stranger briskly, pausing for a moment beside him. "Or are you just going in?"

"No, sir; I've come out," said the man decidedly. "Our new M.P. is talking in there."

"What about?" asked the stranger. "Well," continued the man, passing his hand across his forehead in a puzzled manner, "he didn't say."

NOT THE SAME GIRL

A school teacher was asking his class the names of countries in which different towns and cities were situated.

"Now, William," he said "where's Nancy?"

Before he received a reply, he spotted a dreamy looking boy in the front row.

"Genoa?" he roared to the dreamy one.

"N-no, sir, but Billy Smith does, it's his girl."

PARROT SENSE

"Aha!" said the boss, "I'm glad to notice you are arriving punctually now, Mr Slocombe."

"Yes, sir. I've bought a parrot."

"A parrot? What on earth for? I told you to get an alarm clock."

"Yes—I did. But after a day or two I got used to it, and it didn't wake me. So I got a parrot; and now, when I go to bed, I fix the alarm clock and put the parrot's cage on top of it. When the alarm goes off it startles the parrot, and then what that bird says would wake up anybody."

FOOLISH QUESTION

"There is an old negro down in my town," said a U.S. senator, "who did me a service. I wanted to reward him, so I said: 'Uncle which shall I give you—a ton of coal, or a bottle of whisky?' 'Foh the Lo'd, Massa,' he replied, 'you all shorly knows I buhn wood!'"

A critic is often a person who is unable to do a thing the way he thinks it ought to be done.

Considering what most people are willing to do for money, it is a wonder there are not more millionaires.

Here and There

Buffalo in Wainwright reserve increase at the rate of about 2,000 each year.

The output of coal from Canadian mines during January, 1923, amounted to 1,743,800 tons.

The total wheat production of Canada in 1922 was 399,786,400 bushels of which Saskatchewan produced 250,167,000 bushels.

The Eskimos give the doctor his fee as soon as he calls. If the patient recovers he keeps it and if not it is returned.

Heads of large implement and machinery firms in Edmonton and Calgary state that for every acre of corn that was sown in Alberta last year ten will be sown this year.

1923 will be the greatest prospecting year known so far in Northern Ontario. The largest rush of prospectors is in the district extending from Swastika for a hundred miles east into the Province of Quebec.

Grain men and others in Calgary already forecast the probable yield of wheat in Alberta this year at something in the neighborhood of 100,000,000 bushels. This estimate is based on the 65,000,000 bushel crop of last year.

The total wheat production in Canada has grown from 16,723,000 bushels in 1871 to over 399,000,000 in 1922. The number of elevators in 1905 was 525 with capacity for 18,320,352 bushels. To-day the capacity of 3,924 elevators in Canada is 231,633,420 bushels.

The Canadian Pacific Railway have further reduced the freight rate on horses from prairie stations to all eastern Canada points. The old rate on horses from Moose Jaw to Montreal or Toronto was \$1.39½ per hundred pounds. The new rate will be \$1.20½ or a saving to the farmer of \$38 per car.

"Will Summers," owned by His Majesty the King, was recently brought to Canada on the Canadian Pacific Steamer "Marburn" and will be kept at the Prince of Wales' ranch near Calgary for breeding purposes. This famous five-year-old has a pedigree back to Orme and Galopin, the former sire of Flying Fox and the latter a Derby winner.

It is reported that the head of the textile department of Leeds University, England, has invented a process for the making of artificial wool from cotton waste. The basis of the process is cellulose acetate. The product wears well as wool, it is said, will take the dye of any desired color and is considered a better insulator than natural wool.

During the last fiscal year Canadian exports of tobacco amounted to 471,991 pounds with a value of \$175,826. Of this value the United Kingdom accounted for \$135,784, the United States \$5,216 and other countries \$34,826. There are 125 tobacco factories in Canada, Quebec and Ontario being the principal producers.

Running on schedule the Canadian Pacific liner "Empress of Canada," Captain A. J. Hailey, again demonstrated her right to the claim of "Queen of the Pacific." The Canadian vessel left Vancouver 24 hours after the American liner "President McKinley" and arrived in Yokohama five hours in the lead.

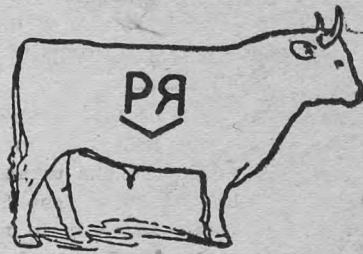

The British Government is completing at Chatham the largest and most wonderful under-water craft in the world. On the surface she will displace 2,780 tons and when submerged 3,600 tons, this displacement being 1,400 tons greater than that of the largest German submarine. With a twelve-inch gun the new submarine will be able to bombard any object and then quickly disappear under the sea.

A BETTER NAME

Father: "What can you offer my daughter that equals or excels what she has now?"

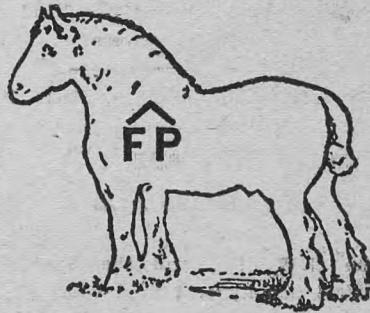

Young Suitor: "Well, I think the name of Montgomery is an improvement upon that of Biggs."

"They tell me, Bill, that your daughter sings with great expression."
"The greatest expression you ever saw. Why, her own mother can't recognize her face when she's singing."

A circus keeper was taking the elephants to drink, and noticed that one coughed.

He gave it a bucket of water in there were two pints of whiskey.
Next day all the elephants coughed.

"What's 'a'?"

"A vowel."

"And 'e'?"

"Vowel."

"And 'i, o, u, y'?"

"A promissory note."

Here and There

48,000,000 bushels of grain awaited the opening of navigation at Fort William and Port Arthur this spring.

Flood conditions in New Brunswick and Maine this spring were the worst since 1887.

Damage to Canadian Pacific property in Western Canada by floods this spring amounted to approximately \$200,000.

Calgary is the leading telephone city on the continent with one instrument to every 4.10 persons. The phones in this city are automatic.

The per capita debt of Canada is approximately \$165, as compared with \$230 for the United States, \$750 for Great Britain, \$850 for France and \$250 for Australia.

Canadian Pacific steamers "Marloch" and "Metagama" docked at St. John with over 600 Hebridean immigrants to Red Deer, Alberta, and various parts of Ontario.

The 1923 camp of the Alpine Club of Canada will be pitched in Larch Valley, near Moraine Lake, nine miles from Lake Louise in the Canadian Pacific Rockies.

Traveling 572 knots in twenty-four hours, an average of from 23 to 24 knots per hour, the Canadian Pacific liner "Empress of Canada" recently established a record for commercial vessels on the Pacific.

The last link in the great 6,500 mile scenic tour through Western Canada and the United States will be thrown open to traffic on June 30th when the Banff-Windermere Motor Highway will be officially opened.

A car of timothy and grass seed arrived in Vancouver via Canada Pacific Railway from Toronto ten days after an order had been wired to the Ontario Capital. This constitutes a record in service.

In architectural style the new Basilica at St. Anne de Beaupre will be a combination of the Roman and the Gothic. The steeples in front will be 225 feet high and including those in the chapels the new Basilica will contain twenty-six altars.

The honor of running the first ship into Montreal harbor from the ocean fell this year to Captain Edmund Alkman, commander of the Canadian Pacific steamer "Bolingbroke," a freighter. The "Montrose" of the same line was the first vessel to carry trans-Atlantic passengers into the port in 1923.

The number of strikes and lock-outs in Canada during 1922 was 85. The number of working men involved in the strikes was 41,050 and the number of working days lost 1,975,276. Approximately fifty per cent of the time lost was in connection with the strikes of the coal miners in Alberta and British Columbia which lasted from April till the end of August.

Topping the grain shipments from St. John of the 1921-22 winter season by almost four million bushels and establishing a record for the port for volume in a single shipment for one vessel, the 1922-23 grain business through the Canadian Pacific elevators up to May 1st totalled 15,249,261 bushels. The single shipments' record was made on an all-wheat cargo of 359,793 bushels.

Many a man would be unable to paddle his own canoe if he couldn't borrow some other man's paddle.

Do you remember what you were worrying about this time last year? Very few of us do.

Saskatchewan Has Lowest Death Rate In British Empire

Great Britain's birth rate in 1921, namely, 22.4 per 1000 population, was the lowest ever recorded in that country, except in the war years, according to a report just issued by the British Registrar General. The number of marriages in 1921 was 60,000 less than in the previous year. However, 1920 was a record year.

The divorce decrees granted by the courts of Great Britain in 1921, totalled 3,500, the highest figure yet recorded.

The Registrar General in his report adds some particulars of the vital statistics for some of the districts of the various British dominions. From these it appears that Manitoba has the highest birth rate, 30.3, and British Columbia the lowest. New Brunswick has the highest death rate, 13.9, and Saskatchewan the lowest, 7.4. New Brunswick has the highest infant mortality rate, 113 per 1000, and New Zealand the lowest, 48 per 1,000.

The highest marriage rate is in Natal, South Africa, 18 per 1000, and the lowest is in Saskatchewan with 13.4.

Manitou Lake Picnic

The Manitou Lake Annual Picnic will be held on Saturday June 30th, on the usual grounds by the lake.

An exceptionally full program of sports and events for young and old is being arranged by energetic and able committees.

Baseball and Football tournaments, Auto Races, Horse Races, Athletic events, Tug-o'-War, Bathing and Bathing are amongst the attractions for the amusement of every one besides the natural attraction of the scenery which makes Manitou Lake an ideal spot to spend a day picnicing.

Lunch and refreshments will be served on the grounds. Come and spend a long day of enjoyment.

For itemized events, see posters.

ADVERTISE—IT PAYS

Egg And Poultry Marketing Service

Farmers throughout Southern Alberta heartily approve of the opening at Lethbridge by the Department of Agriculture of a branch of the Egg and Poultry Marketing Service. The branches of this service at Edmonton and Calgary have been very successful, and have proved a great help to farmers and poultrymen.

Why Does A Parson Wear His Collar The Wrong Way Round?

What we have come to regard as the collar peculiar to the clergy is really nothing more or less than the workman's handkerchief tucked into the neck of his shirt as a remedy for perspiration.

It originated in the first place in Italy, where in the hot climate the priest often found that perspiration was liable to soil his elaborate vestments, and the linen band gradually became standardized into the circular collar.

It was long regarded as part of the distinctive dress of a Roman Catholic priest, and the Anglican and Nonconformist clergy for many years adopted a shape of collar almost the exact opposite, to be as "un-Roman" as possible.

With the greater tolerance of to-day the circular collar is now generally worn by clerics of most churches, though even yet many clergymen of old-fashioned tastes retain the open collar and white tie.

Pa: "I understand, Bobbie, that at the party you asked for a second piece of cake. Now, I told you —"

Bobbie: "No, I only said that if they liked to make me the offer I would accept it."

Sometimes it's what a man doesn't say that puts others in a hole.

Mrs: "My contempt for you is too deep for words."

Mr: "I am thankful for that."

"Vernon," said the teacher of the juvenile class, "define 'ostentation'." "It's the way our neighbours show off," answered Vernon.

It's an easy thing to convince men that honesty is the best policy when it pays better than the other kind.

**JASPER PARK A
NATIONAL ASSET**

Jasper Park Lodge in the heart of the Canadian Rockies formed an ideal setting for the joint convention of the Alberta and B.C. Press Associations held June 7-9th. There midst the tall swaying pines and the snow capped mountains rising in the distance looking like mighty guardians, the press party sat in council for three days and discussed with other the problems that were mutual, just like the Indian tribes of former years had no doubt gathered in years gone by, probably on the identical spot.

Pep and zest were instilled into jaded minds and brains by inspiring talks and speeches and discussions led by men of national repute.

The proceedings opened by an address of welcome by Col. Rogers, Parks Superintendent, and replies by John Mackenzie, president of the Alberta Press Association, and J. C. Blal, president of the B. C. and An address was made by W. A. Buchanan (ex-M.P.) of the Lethbridge Herald on "The Public and the the Manitoba Press Association, spoke and replies by John Mackenzie, president of the Alberta Press Association, and J. L. Ball, President of the B.C. and Yukon Press Association.

An address was made by W. A. Buchanan (ex-M.P.) of the Lethbridge Herald on "The Public and the Newspaper." G. H. Sauls, Secretary of the Manitoba Press Association, spoke on "Co-operation Through Organization." M. L. Spencer, Dean of the School of Journalism of Washington University, Seattle, gave a splendid address on "The Small Town Editorial Column." Besides this address Dean Spencer was a great source of information to the editors. A banquet was held on Thursday evening at which a varied toast list, songs and stunts were given, ending up with a grand ball. Moving pictures of the Intertype (a typesetting machine similar to the Linotype) were given by the Toronto Type Foundry, under the direction of Mr P. J. Hardie, of Winnipeg.

There was no lack of entertainment. Drives to Pyramid Lake, Mt. Edith Cavell, Maligne Canyon were made, besides hiking, fishing, boating and riding parties were numerous. The ladies of the press party were royally entertained and afternoon teas, drives, and riding trips through the mountains while the men sat in convention.

A very outstanding and commendable feature was the courtesy and

CLASSIFIED

FOR SALE: FIVE REGISTERED Yorkshire Boars, farrowed first week in April. \$15 at eight weeks. James E. Meagher, Marsden.

service extended by the management and entire staff at all times. The commercial spirit has not invaded the precincts of Jasper Park Lodge that mars the pleasure at so many resorts. Visitors are made welcome and to feel that the park officials are glad to have you come. It is not the officials park, it is your park, your home when you are there. Rates are reasonable, \$5.00 to \$7.50 per day for lodging and meals.

Before the convention closed, presentations were made to Col. Rogers, Capt Forshaw, manager of asper Park Lodge, and Mrs Forshaw, and to Mr. C. W. Higgins, advertising agent for Canadian National Railways, Mr Higgins was chiefly responsible for the meeting at Jasper Park, and no detail was left out by him to make it a success.

IMPORTANT RESOLUTION

Discussion of the liquor referendum ballot featured the proceedings Thursday by the Alberta pressmen. Editors from all over the province reported a wide divergence of opinions in their respective constituencies, as to the real significance of certain questions. Conflicting views were expressed by the editors themselves, and there was general agreement that much confusion and an erroneous view of the elector's position could only be avoided by an official statement clearing up the situation.

RESOLUTION ADOPTED

"Whereas this annual convention of the Alberta Press Association is persuaded that there is a sincere and widespread difference of opinion throughout the province as to the real effect of certain of the questions on the ballot of the forthcoming liquor referendum, and that this is bound to cause confusion and operate against a true expression of opinion, be it resolved that the government of Alberta be respectfully requested to issue an official statement of its interpretation of the effect of each question on the ballot paper and in connection with each question a clear explanation of the kind of legislation it proposes to introduce in the legislation in the event of such question being carried."

Officers elected: President, John MacKenzie, Strathmore Standard; 1st Vice-president, John Torrance, Lethbridge Herald; 2nd Vice president L. D'Albertanson, Chauvin Chronicle; Secretary, L. Nesbitt, Bassano Mail.

Executive: John Imrie, Edmonton Journal; E. Stone, Redcliffe Review; George Gordon, Ponoka Herald; Mrs. Annie Derrett, Pincher Creek Echo; G. C. Duncan, Drumheller Mail.

PRESERVING THE PARK

In the important task of preserving Jasper Park as a great holiday paradise for the people of Canada, rendering it accessible for holiday makers and safe for the wild creatures who have made it their home from time immemorial, providing such facilities as roads, trails, hotels, camping sites and other contributaries to the well-being of tourists and visitors, each project completed, though it may seem small in itself and especially in relation to 4,400 square miles, may be climbing of another summit in a mountain range; it is something accomplished, something done towards the completion of a great task which may well occupy years of endeavour but nevertheless is well worth doing.

JASPER PARK LODGES

The Canadian National Railways chose the Californian word "Lodge" for their resort at Jasper Park, Canada's great national playground. The friendly gleam of the old English hanging lantern, which has been adopted as the official symbol at Jasper Park Lodge, beams forth a promise of old-world peace, with a suggestion in its modern rays of new-world comfort, rest and jollity, as is greets the wayfarer at the station and lights his way to the Lodge three miles beyond. It shines a cheery welcome upon the main lodge itself from each of the smaller buildings, as it illuminates a distinguishing letter upon the door

of each temporary abode.

Jasper Park is a great untamed wilderness of more than 4,000 square miles of natural scenic beauty, which has been set aside by the government as a permanent forest and game preserve and linked to civilization and made accessible to nature-loving humans by the transcontinental line of the Canadian National Railways. Its permanent population consists chiefly of thousands of big horn mountain sheep and mountain goats; of herds of caribou; of hundreds of bear, cinnamon, black, and brown; of moose, elk, beaver, otter, marten, deer, of birds over seventy different species.

Last year the Canadian National Railways inaugurated series of Lodges three miles from Jasper station which proved so popular to visitors to Jasper National Park that increased accommodation for 1923 became imperative. The enlarged capacity provides for 250 guests and includes a Main Lodge containing a large lounge room, dining room and ball room, billiard room, barber shop, shower baths, and ten bed rooms, all connected with private baths, and all modern conveniences. A wide verandah encircles the lounge and dining room commanding a panoramic view of Lac Beauvert and its magnificent Alpine surroundings; eighteen four room lodges, containing two rooms with two single beds each, two rooms with double beds each, sitting room and bath room; three two-suite lodges, each suite comprising bed-sitting room, dressing room, bath room and sleeping porch; two twelve-room buildings containing twelve single rooms with one single bed each; bath room and toilet accommodation. All the lodges are of log construction with verandahs, rustic and harmonious, fittingly furnished and electric lighted and steam heated, each bed room being supplied with running hot and cold water.

TOWN OF JASPER

Jasper, the station at which tourists detrain, is charmingly situated on a plateau at the base of Pyramid Mountain and close to where the Miette River forms a junction with the Athabasca. As a convenient centre from which tourists may embark upon motor, horseback, or hiking trips to various points of interest within or beyond the confines of Jasper National Park, the Lodge occupies an ideal situation. The Park's main artery—an excellent motor road—lies at the very door of the Lodge, where motors, sure-footed packhorses and experienced guides are always available for the conducting of tourists to points of interest either near at hand or distant. Outfits and guides are also here procurable for those desiring to embark on big game hunting ventures beyond the confines of the Park. Riding is the most popular posttime, while for those who enjoy boating and canoeing, facilities for indulging in either posttime on Lac Beauvert are provided. A golf course is under construction, also tennis courts.

For the convenience of tourists from United States, a Canada Customs Officer is stationed at Jasper during the season to facilitate the clearance of tourists luggage, etc., from United States points.

LAC BEAUVERT

The Lodge has been fortunate in its situation for it commands a wonderful view in all directions. Lac Beauvert—as its name indicates—is a beautiful vivid green, its waters so transparent that a ten cent piece lying in 20 feet of water can be plainly seen. To the south more than 15 miles away but apparently much nearer rises the wonderful snow-capped head of Mt. Edith Cavell, the magnificent mountain named by the Canadian Government in memory of the English nurse who suffered martyrdom at the hands of the Germans in Belgium in 1915. To the northwest across the Athabasca valley, rises Mt. Pyramid (9,075 ft.) a beautifully coloured mountain of soft rose and madder, deepening into maroon. To the east rising from the Colin range is

old Roche Bonhomme with its recumbent figure gazing skyward like the effigy of a buried king. Other summits near at hand are Mt. Kerskelin (9,700 ft.) and Tekarra (8,703 ft.) while the galaxy of great peaks to be seen along both sides of the valley present an ever changing and beautiful panorama.

A NATIONAL ASSET

Thus Jasper Park can truly be said to be a national asset with its rugged vastness, lofty mountains, beautiful lakes, delightful drives, rustic surroundings, a place where the glory and majesty of nature seem to point out to man the mighty works of Providence.
